Statement of Philosophy

Lee's Summit Christian Church supports the Stepping Stones Preschool program because we believe each child is a special gift from God and it is important for children to experience the love and nurturing of caring adults outside their home environment. Our program provides an environment that is conducive to the physical, social, emotional, and cognitive development of each child in our care.

Christian values and morals are taught to our children through the actions and love of our staff, chapel once a month, worship services on Thanksgiving, Christmas and Easter and prayer before snacks and music.

Watch Us Grow

We use a "Cognitive Oriented Curriculum" for a "Hands On" approach to learn and remember skills. Our toddler program provides positive interaction with adults and children their own age. Our preschool program provides many opportunities to learn skills needed by the 3 and Pre-K child. These skills include fine and gross motor skills, socialization, introduction of letter sounds and recognition, number concepts, verbal skills, and growth towards independence.
