ABC'S FOR PARENTS AND FRIENDS OF CHILDREN

Arrive in time to find a good place to sit. Sit where younger children have a good view of the chancel.

Bring something along for small children to hold or look at - something soft and quiet - crayons, drawing paper.

Clue in children as to what will happen next in worship. Children who can read will want to go over the litanies and find the hymns in the hymnal. They like to be ready.

Discuss worship at home to prepare children for any departures from the routine of worship such as a baptism. Also, give time to answer questions about worship.

Express your gladness at having children in worship. During the greeting, be sure to welcome the children near you. Include them in your conversation before and after worship to let them know they belong.

Free yourself from worry about children's behavior and be open to receiving their ministry to you.

Give thanks to God for the presence of children in worship.

Help parents of small children by showing your appreciation for **our children.**
